

**“Award Winning”
International Broadway Workshop/Show Experience
Exclusively Customized For Each
School-University-Organization**

"Programs like these enable a new generation of audiences to make the arts a permanent part of their lives." -Former Secretary Of State Hillary Clinton on the StudentsLive Broadway Education Programs

"This was the most well-prepared and well-executed education program I have ever attended...here's a program that makes students live and breathe in a way they never did before." -Peter Filichia, Theatre Critic, Newark Star Ledger and TheaterMania.com

"StudentsLive provides its students the best the Broadway industry has to offer. From actors at the top of their game, to set designers, casting directors, etc, the program exposes its students to industry professionals giving them the opportunity to learn from the absolute best!" -Benton Whitley Casting Director, Duncan Stewart & Co.

"I was impressed by the commitment of the entire StudentsLive team, and the energy and enthusiasm of the young people they inspired. It was obvious to me that the intensive, interactive and immersive nature of this programme was unique; young people work through the actual processes of rehearsing and presenting a production, guided and mentored by experienced professionals. They are encouraged to find their own voice, to express themselves both personally and creatively and, through their individual and collective experiences over two weeks to build confidence and self-esteem." -Garry McQuinn, Producer, Priscilla Queen of the Desert the Musical
